## 1800 STARGAS

### About Stargas™

Stargas™ is a simple, innovative and competitive service offer of compressed industrial gases, hospitality gases and LPG owned and operated by Elgas.

We are designed to cater for the small to medium business looking for a gas supplier that can offer value-for-money products without compromising safety or service. We are committed to serving you with our locally-based sales representatives who can assist with your enquiries. Stargas™ is about supplying high quality gas products to suit your particular application – whether you are welding or cutting, need LPG to warm your workplace, balloon gas for your next party, or simply require some LPG to power your forklift .

Elgas, a member of The Linde Group, was established in 1984 as an energy company specialising in Liquefied Petroleum Gas or LPG. Elgas is the largest marketer of LPG in Australia and operates one of the southern hemispheres largest LPG storage facilities – ‘The Cavern’ – at Port Botany in Sydney. Today, many Australian homes and businesses benefit from the convenience, economy and safety of Elgas LPG. With an extensive distribution network in every part of the country and the largest LPG storage capacity in Australia, you can depend on us.

Stargas™ is currently available in Metropolitan Melbourne only.

### Stargas™ products

Stargas™ products range from industrial gases to hospitality gases and from LPG to products for heating applications. We cater for applications like welding and cutting for the industrial sector and beverage gases for the hospitality industry.
